SS 2 CORVERA. FOR SENSITIVE HANDS.

Another 15 last kilometers which will give options to those who can take advantage and can also make others lose everything achieved during the rally. The description for this stage is easy: a lot of junctions and gravel, many jumps and a lot of hidden traps which, undoubtedly, will give advantage to those knowing the area. If the fight for the victory or any position it's decided in this stage, we will be able to see the most spectacular actions at any point of the stage.
